

Welcome to AGDAY... Celebrating its 40th Anniversary year on the air, in 2022, **AGDAY** has earned its place as “The Country Experience”. Along with providing the nation’s farmers and ranchers with the latest news, weather and business headlines, **AGDAY** reaches out to every household in an effort to tell the fascinating story of American agriculture. **AGDAY** is proud to be the nation’s only daily television program focused entirely on agriculture and rural America.

As the 2022/2023 season begins, your viewers can count on the same vital information they need to succeed. Hosted by Clinton Griffiths, **AgDay** has been on the air since 1982. Clinton is joined each day by meteorologist Matt Yarosewick. Together they provide up-to-the-minute news and analysis that producers can use to make better decisions for their operations.

This season **AGDAY** will continue to focus on the people and places of rural America, along with a continued focus on explaining and highlighting the business of agriculture to a nationwide audience.

To those stations who have been airing **AGDAY** for many years, Farm Journal thanks you. To those just joining our line-up – **WELCOME!**

Please review this operational material and distribute it to the proper personnel at your station such as Traffic Managers, Satellite Coordinator, and Chief Engineers.

If you have any questions after reviewing this information, please don’t hesitate to call.

Thank You,
